

# CRAFTING GROWTH LEGACIES

## Start Smart. Stay Compliant. Go Global.

Expanding into Asia? Malaysia remains a strategic launchpad—offering access to ASEAN markets, cost-competitive infrastructure, and a pro-business regulatory environment.

But setting up operations across borders is never just about registration—it's about long-term compliance, tax clarity, and future readiness in an increasingly digital global economy.

### Gan Leng Chong

Founder – CGL Group | Chartered Accountant  
(Malaysia) | Global Speaker

As a Chartered Accountant and global advisor, I help companies expand into new markets with the right legal, structural, and financial foundation.

**To support your journey, access two free tools:**

#### ■ FOREIGN BUSINESS SETUP KIT: LAUNCHING IN ASIA VIA MALAYSIA

- Step-by-step roadmap to incorporate and launch in Malaysia
- Entity structure comparison (Private Ltd, LLP, Foreign Branch)
- Banking, tax, licensing, and immigration considerations

#### ■ GLOBAL E-INVOICING COMPLIANCE CHECKLIST

- Assess your e-invoicing readiness across jurisdictions
- Understand upcoming regimes (e.g., Malaysia's MyInvois, EU ViDA, PEPPOL, India, KSeF)
- Align your finance tech stack with cross-border compliance
